

***Kitchen Door delivers delicious flavors and warm hospitality that epicureans have come to expect from this beloved Napa brand.***

In 2011, the founders set out to create a restaurant and menu that would serve a variety of appetites. Sophisticated cuisine with an abundance of flavors is the hallmark of the menu, which showcases local, seasonal, and handmade fare. Always ingredient-driven, the menu is crafted by classically trained chefs and celebrates eclectic flavors from around the globe. Kitchen Door offers a full bar program with a thoughtful selection of premium and craft spirits and an expansive wine and beer program. Paying homage to California and local producers alongside selected global offerings, guests can enjoy the bounty of Napa Valley wineries and beyond from this highly curated list. Together, the seasonal menu and local-focused drink menu make Kitchen Door a quintessential wine country dining destination.

At the former Oxbow Public Market location, floor-to-ceiling windows, copper pot racks, custom chandeliers, marble tops and concrete floors were softened by wood and leather. Open shelves housed cookbooks and products in use. Treasured pieces from the partners' family kitchens completed the design frame. Intentionally, the kitchen was the focus with a wood-burning rotisserie grill and pizza oven under a stone mantle.

In its new location at First Street Napa, Kitchen Door welcomes guests into a restaurant that features custom whisk light fixtures, and refinished-but-rustic tables and chairs. Sentimental photographs, special works of art, and accessories from the former location adorn the walls to recreate the inviting atmosphere of the beloved original space. In addition to the large, kindred dining space and full-bar seating, there is an expansive outdoor dining area that flows seamlessly from the interior. The warm ambiance, coupled with the kitchen-focused design, invites locals and visitors back to their favorite wine country kitchen where diners become a part of the Kitchen Door family.
